DETAILED ACTION

APPLICANTS' ARGUMENTS

Applicants' amendments and arguments, filed 2/22/05, have been fully considered and are deemed to be persuasive.

REASONS FOR ALLOWANCE

The following is an examiner's statement for reasons of allowance:

The invention is directed to crystalline Hepatitis C virus helicases comprising particular dimensions, as well as compositions and methods containing such helicases, which are not found in the prior art. The lack of enablement rejection for claims 42, 51, and 55-59, filed 6/14/04, was removed once these claims became dependent from the independent claims containing the above-mentioned particular dimensions. The lack of written description rejection for claims 42, 51, and 55-59, filed 6/14/04, was removed once these claims became dependent from the independent claims containing the above-mentioned particular dimensions. Because no outstanding rejections remain, the claimed invention is deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
